RALLY EXPERIENCE

Introduction

Let us show you how to control a powerful rally car on a loose gravel surface and get maximum potential, whilst saving valuable seconds!

You will start the day with a welcome briefing and introduction, before heading out to your car to learn the skills of handbrake turns, powerslides and control/escape steering.

Then it's onto the special stage. Where you will get to drive several laps, and we will coach you on how to fine tune your techniques, improving your speed and car control.

The final competition is a timed run on the Special Stage under proper rally conditions 5-4-3-2-1-GO! With a co-driver alongside you, every second counts! Will you be the one taking the victory spoils?
